Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Wednesday 26 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Sunny spells and scattered showers in the east.

Today:
A largely dry start with sunny spells for most through the morning, however cloud lingering over the far southwest. Scattered showers developing towards the east into midday with sunny spells between. Feeling warmer. Maximum temperature 17 deg C (63 deg F).

Tonight:
During the evening, any showers soon fade with clear spells developing widely across the region. Overnight, remaining dry with lengthy clear spells. Chance of a few fog patches. Minimum temperature 1 deg C (34 deg F).

Thursday:
A dry start with sunny spells through the morning, although turning hazy in the far west. Through afternoon and into evening remaining largely dry with cloud increasing in the west. Maximum temperature 19 deg C (66 deg F).

Outlook for Friday to Sunday:
Sunny spells with variable amounts of cloud towards the west on Friday. Sunny spells and perhaps the odd shower on Saturday. Largely dry with sunshine throughout Sunday. Temperatures feeling warm.
